Qualification	Pearson BTEC International Level 3 Qualification in Sport
Unit number and title	**Unit 21: History of Liverpool Football Club**
Learning aim	**A** Explore the inception and modernisation of football and its governance
Assignment title	Football: inception to modernisation
Assessor	
Issue date	
Hand in deadline	

Vocational Scenario or Context	You have secured a work placement at Liverpool Football Club and will be working with the museum tours section of the club. To prepare for your work placement, you should ensure that your knowledge of the history of football and Liverpool Football club are to a high standard to allow you to be successful within your placement and to answer questions that the public may have.

Task 1	Undertake research into the inception and modernisation of football as well as the governance of football over the years. Use your findings to create a fact-file that you could distribute to fans. Include four sections within your fact-file that focus upon: **Section 1: the History of Football in England** • Origins of the game in England • Division of rugby football and association football • The belief that football was a game for 'hooligans' and 'rabble-rousers' • Key developments of the game **Section2: the governance of football** Understanding how governance bodies relate to each other and their responsibilities within each country, continent and across the world. Specifically consider: • England • Europe • Rest of the world • The football pyramid **Section 3: key developments that have shaped football worldwide** • Equipment • Media • Technology • Legislation • Successes • Rule changes **Section 4: importance of football history for future developments within the game** • To influence the direction of football • Positively influence behaviours within the game • Providing a framework for future success • Providing guidance for development
